Standard tour program

Day 1

Prague – Mělník

(58-70km / 35-42 miles by bike)

Despite the first small ascent, today's stage follows a nice trail to the heart of the Czech wine region - the town of Mělník. Just before leaving Prague we pass the Troja Baroque Castle and we continue to the north following the bank of the Vltava River. The river cuts into the ground there, which creates very interesting rock formations and deep valleys. Visits of castles in Nelahozeves or Veltrusy are the biggest highlights of this day. We will end in an old wine town above the confluence of the Vltava and Elbe Rivers – Mělník.

Day 2

Mělník – Litoměřice

(50 km / 31 miles by bike)

Today's stage leads us through a calm Elbe region and it is without significant altitude changes. This region is one of the most fertile regions in the Czech Republic. The most impressive stop on today's stage is the massive Terežín fortress from the turn of the 18th century, which illustrates the military architecture of that time. The seamy side of its history is the World War II period. Nazis used this places as a Jewish concentration camp. We will conclude the day in an old town and spiritual center of this region – Litoměřice.

Day 3

Litoměřice – Děčín

(52 km / 31 miles by bike)

Even though the Czech Middle Mountains region is very hilly, we will follow the banks of the Elbe River most of the time and hills with several old-time ruins will surround us. This former volcanic region had always been an ideal terrain for building castles and fortresses.

Day 4

Děčín – Czech-Saxon Switzerland – Hřensko / Bad Schandau (25 km / 15 miles by bike)

This day will be almost fully optional but always special! In the morning you can decide, whether you prefer biking or sailing to Hřensko. This border town is situated in the heart of the Czech-Saxon Switzerland NP and it offers many attractive activities – hiking trails leading through the scenery of the rocky towns, mesas, passes, deep gorges and hillsides. Special bonus to admire is the wonder of the Pravčická Gate, no doubt, the biggest natural rock bridge in Europe.

Day 5

Bad Schandau – Dresden

(50 km / 30 miles by bike)

This day is packed with historical sights! Shortly from Bad Schandau we will see a scary looking Königstein Fortress and just past the curve a beautiful rock formation with a romantic rock bridge and Bastei Ruin. Couple of kilometers down the road, by the town of Pirna, we will enter the region of the Dresden Valley.

Day 6

Dresden

There is probably no other town in Germany which better symbolizes the turbulent history of this country and shows many centuries of cultural and architectural boom combined with religious freedom and economic prosperity. A short admiration of Nazism was followed by a cruel punishment in the form of the biggest bombing during World War II, which turned almost the entire city into ruins over-night.
