- > 1 internet point with a computer available
- > free wi-fi
- > large 37" flat screen TV

### DESIGN

After many years as cargo boat Vita Pugna was totally renewed at the beginning of the 1990s in order to start her new life as floating hotel along the Dutch canals. On board the Vita Pugna you will find the same style and cosy atmosphere of the bike & boat cruises in Holland enhanced by the friendly and homely management of our international crew. The typical wooden cabin area and the comfortable air-conditioned living room will welcome the customers for a well-deserved rest after a day on bike.
